

The CAN-TRIO program congratulates CAN scholars for their many accomplishments and involvement. Three CAN Scholars shared about their involvement, as a way to motivate their peers to become involved, while attending Allan Hancock College. Read their stories below.

## CONTINUING STUDENTS

**Alexis**

**Are you part of any clubs/organizations at Hancock? If so, what do you like about the club/organization.**

I have engaged in many school clubs such as CAN-TRIO, STEM, MESA, AGS and Bridges to the Baccalaureate programs. The CAN Club, an extension of the program, has allowed me to take a leadership role as Treasurer and currently Vice-President. I am happy to be a part of something special on campus. I enjoy contributing new ideas to the program and taking part in many activities while fundraising at school functions and giving back to the community.

**Have you participated in any of Allan Hancock's events? If so, which one was your favorite and why?**

My most memorable event was Toys-for-Tots. I enjoyed giving back to my community and I have done this community service project for the last three years. I believe this event was the most memorable to me because I was able to share this memory with my CAN Club Board members and faculty.

**Who has been the most influential person in your life?**

The most influential people in my life are my family, friends, CAN family. I am very grateful for each and everyone. They have helped push me to be the best that I can be and have helped guide me throughout my educational journey.

**Giovanni**

**Are you part of any clubs/organizations at Hancock? If so, what do you like about the club/organization.**

The thing I like about this program is that it makes you feel like you are in a family. They help with homework and course subjects when you are struggling. They also check on you daily when you come in.

**Have you participated in any of Allan Hancock's events? If so, which one was your favorite and why?**

The best event I have attended is the Parent Orientation for CAN students because they were able to inform my parents of the opportunities available to me as a student.

**Who has been the most influential person in your life?**

The most influential person in my life would be my mom because she always pushes me to be successful. She keeps me in check and has tried to keep me off the streets. She is the hardest worker I have known, and she puts her kids as her priority.

**Isaiah**

**Are you part of any clubs/organizations at Hancock? If so, what do you like about the club/organization.**

I am involved with the CAN-TRIO program at Hancock. I like that I have access to free printing and multiple resources.

**Have you participated in any of Allan Hancock's events? If so, which one was your favorite and why?**

I have been to the Hancock BOW WOW and the CAN Family Open House. Bow-WOW was my favorite because I got the chance to talk to different Hancock representatives and discuss what they have to offer.

**Who has been the most influential person in your life?**

My father is definitely the most influential person in my life. He pushes me to be the best version of myself and wants me to achieve great things in life.
